

Minnesota Grown Bags 2018 Order Form

Order your Minnesota Grown bags today! They are super strong and perfect for your customers to safely carry all your wonderful produce, eggs, meat, etc., from your farmers' market tent or farmstand back to their homes without worrying about the bag ripping.

All members of Minnesota Grown are invited to join the group order for these 1-mil high density plastic bags, designed for extra strength and durability. The bags are white with green ink and include Minnesota Grown's logo. The t-shirt style bags are 12" x 7" x 23."

Bags come 1,000 per box and can be shipped directly to your place – or shipped on a pallet to a gathering place, where you'll pick them up. Pallets will be shipped to The Good Acre in St. Paul (NE corner of UMN St. Paul Campus) or Sprout Growers and Makers Market Place, Little Falls. Direct shipped boxes are charged per box; pallet orders' shipping charge will be 6% of your total order.

Bags can also be customized with your logo on them, positioned directly below Minnesota Grown's logo. This space is 5" wide by 3" inches high. If you want to customize your bags, you'll need to email your logo in an EPS or PDF file, along with your order. Customized bags require a minimum order of 5,000 bags (5 boxes). NOTE: if you've customized your bags in the past, your artwork is already on file with the bag company.

Customized bags can be subject to under runs or over runs:

- Orders under 15,000; plus or minus 25% of order quantity.
- Orders between 15,000 and 50,000; plus or minus 15% of order quantity.
- You will be billed for over runs if they occur.

The Minnesota Farmers' Market Association is facilitating the Minnesota Grown bag order this year. If you have questions, please contact Jesse Davis at (218) 259-9675; jdavis@mfma.org or Kathy Zeman at (507) 664-9446; Kzeman@mfma.org.
